

Dear Colleagues, dear Members, dear Friends,

with enthusiasm, great energy and expectations we welcome you at the **32nd AIE National Congress**, as well as **1st International AIE Congress**.

The aim of this edition of the Congress of the Italian Academy of Endodontics is to export the style and atmosphere of the Academy also abroad, increasing the already large presence of foreign guests and members.

All scientific and cultural activities will be carried out in **English or translated from Italian to English** (and vice versa) to allow everyone to enjoy the Congress at its best. The cultural exchange, the possibilities for professional growth and the extraordinary ability of AIE to catalyse human resources will remain unchanged, indeed, if possible, making them grow further.

The focus of the Congress is very relevant today, in a world that is compulsively moving towards the digital approach. Even in the Academy we have decided to explore the frontiers of this digitalized world with "**Endodontics goes digital**", a theme in which we will try to examine all the positive sides, and the negative ones, of this unstoppable mass migration.

To do this we have invited the **best national and international speakers** to guide us through the latest innovations, the most significant research, and clinical trials which will give us not only a lot of scientific knowledge, but also a wealth of **direct experience** applicable in your own practice from the very next day.

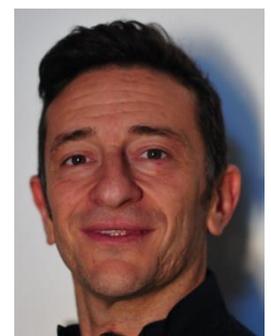

The two days of Congress with speakers from all over the world (Brazil, Belgium, Colombia, Spain, USA) will be accompanied, on Thursday afternoon, by a **day of pre-congress Courses** aimed to give an eminently practical and pragmatic contribution on the most relevant topics, such as technology and dental resources.

On Friday afternoon there will be also the **usual practical Workshop activity** in which participants experience first-hand the most recent introductions on the market by almost all the manufacturing Companies supporting AIE with enthusiasm and trust, allowing the participants to **directly try** each of their products. Expert speakers will guide us in the practical use during the **Endodontic Jamboree**, which, following the great success of the last congress, is renewed to be even more suitable for all the Members and the new **Microscope Jamboree** session. There will be new surprises during the **planned social activities**. The **AIE CONGRESS PARTY** (Friday, the 23rd) will be in the spirit of **fun, informality and spontaneity** that will join colleagues of all ages, and allow real socialisation, often accompanied by new friendships and relationships.

Finally, we will have the opportunity to have **lunch with the national and international speakers** who will be available to continue the discussion even during the typically "Emilian" lunch on Saturday, the day on which the Congress ends. On this day we, the Academy, always feel so nostalgic that we want to stay a little longer.

Welcome in Bologna!

Nicola M. Grande
AIE President

Executive Council 2023-2024

President: Dr Nicola M. Grande
President Elect: Dr Gianluca Plotino
Secretary: Dr Elisabetta Francini
Council Member: Dr Francesco Bellucci

MODALITY OF PARTICIPATION

AIE Members (Dentists and Dental Students) - regularly registered for the year 2024 - can participate free of charge in the Congress, in the Microscope Jamboree and Endodontic Jamboree Companies' Workshops sessions.

Registration includes:

- Congress material and bag.
- Final Program.
- Coffee breaks.
- Lunches.
- Certificate of Attendance (sent by e-mail within two weeks from the end of the Congress).

LANGUAGES

The official languages of the Congress are Italian and English. Simultaneous translation is provided from Italian to English and vice versa for the two-day Congress.

Headphones can be picked up at the dedicated desk located on the ground floor of the Congress Venue. A valid I.D. will be requested to pick up the device. The service is free of charge.

CONFERENCE ON-LINE

All Participants in the Congress will have the opportunity to review and listen (in original language) all the Congress Conference (Friday and Saturday). Access will be active starting 21 days after the Congress end and for the following 12 months.

PRE-CONGRESS COURSES

Lectures held by experts will characterize this important opportunity for professional development. The Courses – reserved for Congress Participants – have a limited number of Participants (up to 50/each) Simultaneous translation service will not be provided. Some Courses are held in English language.

Registration fees:

AIE MEMBER	- 50€
NON AIE MEMBER	- 80€

LUNCH&LEARN

Limited number. Aimed at Dentists and Dental Students registered in the Congress. The first 15 requests to participate for each title will be accepted. The participation fee is € 30.

MICROSCOPE Jamboree

The coffee-breaks and lunch (Friday the 23rd) will be an opportunity for professional development. You will be able to try directly the brands and models of microscopes present in the Italian market with the assistance of experts who will reveal their advantages and features. Participation is free of charge

ENDODONTIC Jamboree-Companies' Workshops

An innovative formula already tested in 2023 with great success: sessions of 60 minutes each (those interested will be able to participate in 2 of them during the scheduled time for this activity), multiple methods and practical techniques through an operative approach. Participation is free of charge. Friday the 23rd, from 17.30 to 19.30. If not already registered, please apply for registration to the Company Staff in the exhibition areas

SOCIAL PROGRAM

ALL-TOGETHER-AIE

Thursday, 22 February from 18:30

Hotel Savoia Regency
